一、满分范文

范文一　难忘的西岭雪山之旅

An Unforgettable Trip to Xiling Snow Mountain　（约 130 词）

Last winter holiday, my parents and I went to Xiling Snow Mountain. It was our first time seeing real snow, so we were excited all the way there.

As soon as we arrived, we took the cable car up the mountain. The world turned white, and the trees were covered with snow. Never had I seen such a beautiful place. We rented two sleds and slid down the hill again and again. While we were playing, my mother took photos of us, and my father laughed like a child. In the afternoon, we drank hot tea in a small wooden house. My hands were cold, but my heart was warm.

The trip lasted only two days, but it is still fresh in my memory. What an unforgettable holiday I had!

亮点解析

1）开头用 Last winter holiday 交代时间，our first time seeing real snow 写出期待，为下文写雪景作铺垫。2）主体按“上山—玩雪—喝茶”的顺序展开，the world turned white、the trees were covered with snow 写出雪景，Never had I seen such a beautiful place 用否定词提前的倒装句强化惊喜。3）结尾把 only two days 与 still fresh 对照，再用 What 感叹句收束，点题有力。

亮点句： *Never had I seen such a beautiful place.*　（译文：我从来没有见过这么美的地方。）

范文二　一封关于假期计划的信

A Letter About My Holiday Plan　（约 105 词）

Dear Anna, I'm writing to tell you about my plan for the coming National Day holiday.

My parents and I are going to visit Dujiangyan first. We will learn about the ancient irrigation system and walk along the river. Then we will go to the Panda Base to see the baby pandas. In the evening, we will walk around Kuanzhai Alley and try local snacks. If you come to Chengdu, I will show you around the city. We can try hotpot and watch a Sichuan opera show together. I'm sure you will love the face-changing show.

Please tell me your plan soon. Yours, Li Hua

亮点解析

1）书信格式完整：Dear Anna 开头，Yours, Li Hua 结尾，I'm writing to tell you about my plan 一句点明写信目的。2）主体用 first、then、in the evening 等词按游览顺序介绍都江堰、熊猫基地和宽窄巷子，内容具体；If you come to Chengdu, I will show you around the city 用条件句发出邀请，真诚自然。3）结尾 Please tell me your plan soon 把话题交回对方，体现书信的交流感。

亮点句： *If you come to Chengdu, I will show you around the city.* （译文：如果你来成都，我会带你逛逛这座城市。）

范文三 我在三星堆的见闻

What I Saw at Sanxingdui （约 124 词）

During the summer holiday, I visited the Sanxingdui Museum in Guanghan with my classmates. I had read about it, but the real objects were even more amazing.

In the first hall, we saw a huge bronze mask with big eyes. It was over three thousand years old. Our guide told us how people made it long ago. The gold mask shone brightly under the light. I could not believe my eyes. I stood there for a long time, imagining the ancient kingdom. Later, we made small clay masks by ourselves. Mine was ugly, but I loved it.

On the way back, we kept talking about what we had seen. History is not only in books; it is also around us, waiting to be discovered.

亮点解析

1）开头交代时间、地点和同行者，I had read about it, but the real objects were even more amazing 用书本与实物的对比制造悬念。2）主体按参观顺序写青铜面具、金面具和亲手做陶泥面具，three thousand years old 与 the gold mask shone brightly 等细节让见闻具体可感。3）结尾由一次参观上升到对历史的思考，History is not only in books 一句用 not only 结构升华主题，收束自然。

范文四 让我长大的那个假期

The Holiday That Made Me Grow Up （约 138 词）

Last summer holiday, my mother was ill and stayed in bed for a week. For the first time, I had to take care of everything at home.

At first, I thought it was easy. But soon I found that cooking was harder than I expected. My first mapo tofu was too salty, and the rice was too soft. I felt upset, but my mother smiled and said, "Thank you. It smells good." Then I watched cooking videos and learned step by step. While I was cooking, my mother gave me some advice. On the fourth day, I made a good meal. I also cleaned the rooms and washed the clothes. When my mother got better, she said I had grown up.

That holiday taught me more than any textbook. Caring for others is a kind of happiness, too.

亮点解析

1）开头用妈妈生病这一突发事件设置情境，For the first time 点出“我”不得不独自撑起家务的处境。2）主体写做饭从失败到成功的全过程，too salty、too soft 与第四天的 a good meal 形成前后对比，妈妈那句鼓励让情节温暖可信。3）结尾用 That holiday taught me more than any textbook 总结收获，再用 Caring for others 点明成长的含义，升华贴切。

范文五 怎样度过一个有意义的假期

How to Spend a Meaningful Holiday （约 113 词）

The winter holiday is coming. Some of my classmates plan to stay in bed and play games all day. I think we can do something better.

First, make a simple plan. Write down three things you want to finish, such as reading two books or learning to swim. Second, go out and exercise. You can run along the greenway or play basketball with friends. Third, spend time with your family. Why not cook a meal for your parents? Last, try something new, like visiting a museum or helping out at a community center.

A holiday is not just a break from school but also a chance to grow. Let's make it meaningful together.

亮点解析

1）开头先摆出同学“睡懒觉、打游戏”的现象，再用 I think we can do something better 提出观点，切入自然。2）主体用 First、Second、Third、Last 分层给出建议，Why not cook a meal for your parents 用反问句提出建议，语气亲切不生硬。3）结尾用 not just... but also 重新定义假期的意义，并以 Let's... 发出号召，收束有力。

亮点句： *A holiday is not just a break from school but also a chance to grow.* （译文：假期不只是离开学校的休息，也是成长的机会。）

His words made me happy. After that, we put up a small sign and asked people not to litter. Many people smiled and said yes.

I did not travel far that holiday, but I learned something important. Helping others makes a holiday unforgettable.

Our flat is small but warm and tidy. There is a bright living room, where we often talk after dinner. There are three bedrooms, and my room is the smallest one. I keep my books on a shelf and a family photo on the desk. From my window, I can see green trees and the river. My favourite place is the balcony. 范文二 第一次给爸妈做饭

The First Time I Cooked for My Parents （约 137 词）

Last Sunday, my parents went to work early, so I decided to cook lunch for them. I was a little nervous because I had never cooked alone before.

I made tomato and egg noodles, a dish my mother often cooks. First, I washed the tomatoes and cut them into small pieces. Then I fried the eggs with the tomatoes, added water and cooked the noodles. When the noodles were ready, I put them into three bowls. The kitchen was a mess: there were tomato skins on the table and water on the floor. It took me ten minutes to clean up.

When my parents came back, they were surprised and happy. My father said the noodles were delicious. Now I often help in the kitchen, because cooking for the people we love is a kind of happiness.

亮点解析

1）开头用 Last Sunday 交代时间，decided to cook lunch 点明事件，I was a little nervous 写出心理，叙事有起伏。2）主体按“备菜—煮面—收拾厨房”的顺序展开，First、Then、When 等连接词使过程清楚，there were tomato skins ... 既写实又自然复现了 there be 的过去形式。3）结尾回到一般现在时，用 Now I often help ... 写出这件事带来的改变，并把“做家务”升华为“表达爱”。

范文三 给朋友介绍新家

A Letter About Our New Flat （约 139 词）

Dear Lucy, How are you? We moved to a new flat near Huanhuaxi Park last month, and I can't wait to tell you about it.

The flat is on the twelfth floor, so from the living room we can see the whole park. There is a soft sofa in it, and a tall bookshelf stands against the wall. My mother's favourite place is the kitchen, because she can cook Sichuan food there. There are two bedrooms, and mine has a desk by the window. What I like most is the small garden behind the building, where green bamboo grows. On Sunday mornings, I often read English there.

I hope you can come and visit us during the summer holiday. You can stay in my room, and I will show you around the park. Write back soon. Yours, Li Hua

范文四 给爸妈的家务分工建议信

A Letter to My Parents About Sharing the Housework （约 138 词）

I think we can make a simple plan. Dad, you can cook dinner on weekdays, since you are the best cook in our family. Mum, you can wash the clothes and water the plants on the balcony. I can sweep the floor, take out the rubbish and clean the table after dinner. On weekends, we can clean the flat together. When we all help, the work takes only about an hour, and then we can have a rest.

范文五 家不只是一座房子

Home Is More Than a House （约 136 词）

Some people think a home is a big house with a garden. In my eyes, a home is much more than that.

A home is the place where my mother's soup is always warm and my father's jokes are always silly. It is the small table where we talk about our day, the sofa where we watch a film on rainy nights, and the kitchen where we make dumplings together. When I fail an exam, my parents never shout at me. They sit with me and tell me that tomorrow is another day. There is no TV show or computer game that can take the place of these moments.

Houses are made of bricks, but homes are made of love, patience and time. That is why my heart always goes back to this warm little place.

一、满分范文

范文一 我们不一样，却最合拍

Different, Yet the Best of Friends （约 130 词）

My best friend Zhang Han and I became friends in primary school, and we are still close today. We have a lot in common, yet we are different in many ways.

Both of us love basketball and play for the school team. However, Zhang Han is much taller and more outgoing than I am, while I am quieter and do better in maths. He makes friends easily; I prefer reading at home. He is the loudest boy on the playground, and I am the quietest one in the library.

Different as we are, we never let it get in the way of our friendship. The more time we spend together, the better we understand each other. A good friendship is not about being the same, but about accepting the differences.

亮点解析

1）开篇用 became friends in primary school 交代友谊的起点，再用 still close today 点出时间跨度；第二句以 have a lot in common 与 different in many ways 形成对照，迅速立起全文的“同与异”。2）主体先用 both of us 写共同点，再用 However 与 while 转写差异，最后用 the loudest、the quietest 两个最高级作漫画式对比，层次清楚。3）结尾 Different as we are... 是 as 引导的倒装让步句，意为“尽管我们如此不同”，随后用 the more..., the more... 句式收束，点明友谊的真谛是接纳差异。

亮点句： *Different as we are, we never let it get in the way of our friendship.* （译文：尽管我们如此不同，我们从不让它妨碍我们的友谊。）

范文二 双胞胎姐妹：同一张脸，两个人

My Twin Sister: Same Face, Different Person （约 134 词）

People often mistake my twin sister Lin Yue for me. We have the same face and the same voice, but inside we are very different.

Both my sister and I get up at six thirty and take the metro to school. English is our favourite subject, and we both love watching pandas at the Chengdu Panda Base. However, Lin Yue is more careful than I am, and she keeps the tidiest desk in our class. I am more talkative, and I make people laugh. She listens to quiet music, while I prefer rock.

Our parents say we are like two sides of the same coin: different, but always together. Although we argue sometimes, she is the first person I turn to. I am glad to have a twin sister who knows

me so well.

亮点解析

1）开头用 People often mistake... for me 这一生活细节切入，same face 与 very different 一句转折，制造“同貌不同人”的悬念。2）主体先用两处 both 交代双胞胎的共同点，再用 more careful、the tidiest 等比较级与最高级写差异，最后以 while 对比听歌口味，材料具体可感。3）结尾用 two sides of the same coin 的比喻和 Although 让步句收束，把“不同”写成“互补”，情感真挚。

亮点句： *Our parents say we are like two sides of the same coin: different, but always together.* （译文：父母说我们就像同一枚硬币的两面：不同，却永远在一起。）

范文三 我选朋友的三条标准

What I Look for in a Friend （约 125 词）

Some classmates choose friends by looks or grades. For me, three things matter much more.

First, a friend should be honest. A true friend is not the one who always agrees with you, but the one who tells you the truth when you are wrong. Last term, Chen Jie pointed out a mistake in my plan, and that saved me a lot of time. Second, a friend should be kind. Such a friend never laughs at others and always helps the quieter students in our class. Third, shared interests bring us together. We both love science, so we often go to the science museum and talk for hours.

Looks and grades may change, but character does not. That is why I think honesty matters most.

亮点解析

1）开头先摆出 Some classmates choose friends by looks or grades 这一现象，再用 three things matter much more 亮出观点，对比鲜明。2）主体用 First、Second、Third 分条列出诚实、善良、共同兴趣三条标准，每条都有事例或细节支撑，做到先亮观点、再举例子，说服力强。3）结尾 Looks and grades may change, but character does not 用对比收束，把话题从“选朋友”提升到“看人品”，立意更高。

亮点句： *A true friend is not the one who always agrees with you, but the one who tells you the truth when you are wrong.* （译文：真正的朋友不是总顺着你的人，而是在你犯错时对你说真话的人。）

范文四 城市与乡村：两种生活

City Life and Country Life （约 125 词）

I grew up in Chengdu, but my grandparents live in a small village in Chongzhou. That is why I know both city life and country life well.

City life is busier and more convenient. There are more buses and metro lines, bigger libraries and better cinemas. However, the city is also noisier and more crowded. In the village, the air is fresher, the streets are quieter, and I can see stars at night. My grandpa grows vegetables, and everything on our table tastes sweeter. Time there seems to pass more slowly, and nobody is in a hurry.

The city gives me chances to learn, and the country gives me peace of mind. I love both, and each of them is a part of my life.

亮点解析

1）开头交代“我在成都长大、祖父母住在崇州乡下”的生活背景，两句话说明自己为什么能比较城乡，真实可信。2）主体分层对比：先写城市的 busier、more convenient，再写乡村的 fresher、quieter，中间用 However 转换，并用 more buses、bigger libraries 等比较级把抽象感受落到具体事物上。3）结尾 The city gives me..., and the country gives me... 用对称句收束，不偏袒任何一方，表现出客观、成熟的思考。

亮点句： *The city gives me chances to learn, and the country gives me peace of mind.*　（译文：城市给我学习的机会，乡村给我内心的宁静。）

范文五　一场误会之后

After a Misunderstanding　（约 138 词）

Last Monday, my best friend Wang Yu promised to help me with my science project, but he never came. I waited in the classroom for an hour, and my anger grew with every minute.

The next morning, I said something unkind to him in front of our classmates. He looked at me and said nothing. Later, our teacher told me that his little sister was in hospital and he had to stay with her all night. I felt terrible. After school, I found him and said sorry. He smiled and said he was sorry for not telling me earlier. He promised to let me know next time.

That day I learned that a short talk is better than a long silence. Now, when something goes wrong, I ask first instead of judging. Our friendship is stronger than before.

亮点解析

1）开头用 promised to help... but he never came 设置冲突，waited for an hour 与 anger grew 把“误会”写得真实可感。2）主体先写“我”当众说了伤人的话，再用 teacher told me 揭开真相，情节一转；随后的道歉与和解用一连串短句推进，节奏明快。3）结尾 That day I learned... 点明主题，a short talk is better than a long silence 用比较级把道理说得含蓄有力，Now... I ask first instead of judging 则写出“我”的成长。

亮点句： *That day I learned that a short talk is better than a long silence.*　（译文：那天我明白了，一次短短的交谈胜过长久的沉默。）

The milk tea shop is newer and more popular. The music is loud, and the drinks are more expensive. The teahouse is smaller and older. But it is quieter and cheaper. Old men play chess there, and I can read a book for a whole afternoon.

So I choose the teahouse. Life there is slower, but it makes me happier.

The giant panda is one of the most famous animals in the world. It is a symbol of China, and people of all ages love it.

A giant panda has a white body with black patches around its eyes, ears and shoulders. It looks like a big soft toy, but it is actually a strong bear. Bamboo makes up most of its diet, so it spends more than ten hours a day eating.

Today there are only about 1,800 giant pandas living in the wild. The Chengdu Research Base of Giant Panda Breeding is the best place to see them up close. Scientists there help baby pandas grow up safely. If we protect their forests, these lovely animals will continue to live in the wild.

亮点解析

1）开篇用 one of the most famous animals 给大熊猫定位，再用 a symbol of China 提升分量，两句话点明说明对象。2）主体按“外形—食物—数量—保护”的顺序展开，has a white body with black patches 用 with 短语描写外形，Bamboo makes up most of its diet, so it spends more than ten hours a day eating 一句用具体数字说明食量。3）结尾把话题落到成都熊猫基地，并用 If we protect their forests... 的条件句发出呼吁，说明与倡议自然结合。

范文二 保护濒危动物，从今天开始

Protect Endangered Animals Today （约 122 词）

Dear fellow students, today I want to talk about animals in danger. Giant pandas are lucky because people protect them, but many other animals are not so lucky.

Why are they in danger? People cut down forests, so animals lose their homes. Some people buy things made from wild animals, and this brings hunters a lot of money. Every year, thousands of wild animals are caught and sold, and many of them die on the way.

We can all help. First, stop buying anything made from wild animals. Second, join an animal protection club and tell more people about the problem. If we all do our part, these animals will

have a safer home. Let's take action before it is too late.

亮点解析

1）开头用 Dear fellow students 称呼听众，Giant pandas are lucky... but many other animals... 通过对比引出“濒危动物”这一话题，演讲感强。2）主体先用 Why are they in danger? 设问，再从砍伐森林、买卖野生动物两方面说明原因，thousands of wild animals are caught and sold 用约数把问题说得具体可感。3）结尾用 First、Second 给出两条可行建议，并以 If we all do our part... 的条件句和祈使句收束，呼吁有力。

范文三 植物园里的一课

A Lesson in the Botanical Garden （约 131 词）

Last Saturday, my class visited the Chengdu Botanical Garden. It was a cool morning, and the garden was quiet and green. The garden is home to thousands of plants from all over the world.

A guide took us to the tropical glasshouse first. There we saw banana trees with huge leaves, and the air felt warm and wet. The most amazing plant was a huge ginkgo tree outside the glasshouse. Its yellow leaves looked like small fans. My teacher told us that ginkgo trees can live for more than a thousand years.

Before we left, we planted a small tree near the gate. The guide said that one tree can give shade to many people and a home to many birds. I will go back and visit my tree next spring.

亮点解析

1）开头用 Last Saturday 交代时间地点，quiet and green 两个形容词定下全文清新安静的基调，thousands of plants 则用约数交代植物园的规模。2）主体按参观顺序写玻璃温室和银杏树，the most amazing plant 用最高级突出银杏，Its yellow leaves looked like small fans 的比喻让描写具体可感。3）结尾写“种树”这一细节，并用 one tree can give shade... and a home... 说明树木的作用，最后一句 I will go back... 让文章有余味。

范文四 蚂蚁教会我的事

What the Ants Taught Me （约 129 词）

Last summer, I spent a week at my grandma's home in the countryside. One afternoon, I saw a line of ants carrying a dead bee across the yard.

The bee was much bigger than any ant, but the ants did not stop. Some pulled, others pushed, and a few ran back to the nest for help. Soon dozens of them were working together, and the bee slowly moved. Even the smallest ants carried pieces of food bigger than themselves. I watched for half an hour and forgot my ice cream.

That afternoon taught me two things. First, being small does not mean being weak. Second, teamwork can make hard things possible. Now, when I meet a difficult problem, I think of those ants and ask my classmates for help.

亮点解析

1）开头用 Last summer... One afternoon 交代时间，saw a line of ants carrying a dead bee 一句直接切入观察场景，叙事简洁。2）主体用 much bigger than any ant 与 did not stop 形成反差，Some pulled, others pushed, and a few ran back... 三个并列动作把蚂蚁的分工写得生动；Even the smallest ants carried pieces of food bigger than themselves 用最高级与比较级并置，点出“小而不弱”。3）结尾由事及理，用 First、Second 总结两条启示，并把道理落到自己的学习生活，升华自然。

亮点句： *Even the smallest ants carried pieces of food bigger than themselves.* （译文：就连最小的蚂蚁也搬着比自己还大的食物碎块。）

范文五 竹子：一种神奇的植物

Bamboo: A Wonderful Plant （约 118 词）

Bamboo is one of the fastest-growing plants in the world. Some kinds can grow almost one metre in a single day.

Bamboo is not a tree but a kind of grass. Its stems are light and strong, so people use them to make chairs, baskets and even small bridges. In Sichuan, bamboo shoots are a popular dish in spring. Pandas love bamboo too, and it makes up most of their food.

Bamboo also helps the land. Its roots hold the soil on hillsides, so heavy rain does not wash the earth away. For thousands of years, this wonderful plant has fed us and helped us build our homes. Let's plant more bamboo and use it in clever ways.

1）开头用 one of the fastest-growing plants 和 almost one metre in a single day 给竹子定位，数字让“神奇”有了依据。2）主体从“不是树而是草”这一常识切入，再写竹材、竹笋和熊猫食物，makes up most of their food 一句把竹子与熊猫联系起来，说明层次清楚。3）结尾转向竹子对土地的保护，Its roots hold the soil... 一句点明生态作用，最后用 For thousands of years... 的现在完成时和祈使句收束，视野开阔。

Bamboo Behind Grandma's House （约 100 词）

There is a bamboo forest behind my grandma's house in the countryside. It is my favourite place in summer.

The bamboo is tall and green. Its stems are thin but very strong. In spring, small bamboo shoots come out of the ground, and Grandma cooks them with meat. They taste fresh and sweet. In summer, the bamboo leaves keep the sun off, so the ground stays cool. Grandma often makes baskets and chairs from bamboo.

I like to sit there and listen to the wind in the leaves. Bamboo is useful and beautiful. It is a real gift from nature.

参考译文

One little monkey took a child's hat and ran up a tree. Everyone laughed. At noon, we watched a baby elephant play with water.

Before we went home, a zookeeper told us that animals in zoos need good food and clean water. We should be quiet and kind when we visit them. I hope to go there again.

范文九 保护动物，从小事做起

Small Actions Can Save Animals （约 91 词）

Animals are our friends, but many of them are in danger. We can help them in small ways.

We can also tell our friends and family about this. If everyone does a little, animals will have a better life. Let's start today.

范文十 植物是我们的朋友

Plants Are Our Friends （约 87 词）

Plants give us food. We eat rice, vegetables and fruit every day. Plants also clean the air. The oxygen we breathe comes from plants. Some of our medicines come from plants too. In summer, trees give us cool shade. A city with many trees is more beautiful and comfortable.

We should take care of plants. We can water the flowers at home and plant a tree on Tree Planting Day. Small actions can make our world greener.

范文一 2060 年的日常生活

Daily Life in 2060 （约 136 词）

What will our life be like in 2060? Nobody knows for sure, but I believe it will be very different from today.

In the future, our homes will be smarter. When I get up, the windows will open on their own, and the robot in the kitchen will have breakfast ready. If I feel ill, my smart watch will call a doctor at once. Cars will drive themselves, so people will have more time to read or rest. We will not need to carry heavy books to school, because one thin screen will hold all of them.

However, a better life will not come by itself. If we take good care of the earth today, our children will enjoy a cleaner and greener tomorrow. Only when people and nature live in peace can tomorrow be truly wonderful.

First, smart glasses will help us learn about the world. When we look at a tree, the glasses will tell us its name and age. Second, seeing a doctor online will become common. If my grandparents feel unwell, a small machine at home will check their health and send the result to a doctor. Third, AI assistants will plan our trips and answer our questions in a second. Not only will these inventions save us time, but they will also make life safer.

Of course, technology is only a tool. If we spend all day looking at screens, we will lose the warmth of real talk. We should learn to use it in the right way.

亮点解析

1）开头用 Technology is developing faster than we can imagine 交代背景，第二句直接给出预测，观点鲜明。2）主体用 First、Second、Third 分三层写智能眼镜、在线问诊和 AI 助手，条理清楚；If my grandparents feel unwell 一句用条件句把“科技让看病更方便”说得具体可信。3）Not only will these inventions save us time... 用部分倒装把好处推向高潮，结尾以 Of course 转折，提醒我们要正确使用科技，思辨性强。

亮点句： *Not only will these inventions save us time, but they will also make life safer.* （译文：这些发明不仅会为我们节省时间，还会让生活更安全。）

范文三 2050 年的学校

My School in 2050 （约 121 词）

What will our school look like in 2050? Let me share my ideas with you.

Students will not carry heavy schoolbags any more. Instead, a thin tablet will hold all our textbooks. In class, we will put on special glasses and visit the Great Wall or the moon without leaving the classroom. If we get a maths problem wrong, the AI teacher will explain it to us again and again until we understand. Every student will have his or her own study plan.

Still, I think teachers will never be replaced. A machine can give us answers, but only a teacher can give us a warm smile and real encouragement. Even if schools change, the love of learning will stay the same.

亮点解析

1）开头用 What will our school look like in 2050? 设问，再用 Let me share my ideas with you 引出下文，亲切而有吸引力。2）主体从“轻装上学—虚拟课堂—AI 老师”三个角度写学校的变化，If we get a maths problem wrong 一句用条件句写出 AI 老师的耐心，画面感强。3）结尾用 Still 转折，A machine can give us answers, but only a teacher can give us a warm smile and real encouragement 一句把“机器”与“老师”对照，点出教育的温度，收束有力。

亮点句： *A machine can give us answers, but only a teacher can give us a warm smile and real encouragement.* （译文：机器能给我们答案，但只有老师才能给我们温暖的微笑和真正的鼓励。）

范文四 机器人：帮手还是对手？

Robots: Helpers or Rivals? （约 124 词）

Robots are no longer just characters in science fiction films. They are walking into our homes, hospitals and factories.

In the future, robots will do many jobs for us. They will clean our rooms, cook meals and look after old people who live alone. In factories, they will work day and night without getting tired. Some people are worried that robots will take away our jobs. If that happens, we will need to learn new skills.

In my opinion, robots will not take the place of human beings. They can do our work, but they cannot love, dream or laugh. If we use them wisely, they will be our helpers, not our rivals. After all, the future is made by people, not by machines.

亮点解析

1）开头用 Robots are no longer just characters in science fiction films 打破旧印象，They are walking into our homes 一句让机器人“走进”现实，自然引出话题。2）主体先写机器人替我们做家务、照顾独居老人，再用 Some people are worried that... 引出担忧，用 If that happens, we will need to learn new skills 给出应对，正反兼顾。3）结尾 In my opinion 亮明观点，They can do our work, but they cannot love, dream or laugh 一句用三个动词并列对比人与机器，最后以 the future is made by people 升华主题。

亮点句： *If we use them wisely, they will be our helpers, not our rivals.* （译文：如果我们明智地使用它们，它们就会成为我们的帮手，而不是对手。）

范文五 给二十年后的自己的一封信

A Letter to My Future Self （约 123 词）

Dear me in 2045, I am a thirteen-year-old student sitting at my desk, writing to you for the first time. How are you?

I often wonder what you are doing now. Have you become a teacher? If you are teaching children in a small village, I will be proud of you. By then, classrooms may have robots and smart screens, but I hope you still remember how to write on paper and how to listen with patience. If life gets hard, please don't forget the boy who was never afraid to try.

I will study hard and keep my dreams alive. When you look back one day, I hope you will smile, because the boy I am today never gave up. Yours, Li Hua

亮点解析

1）书信体以 Dear me in 2045 开头，称呼新奇又亲切，I am a thirteen-year-old student sitting at my desk 一句交代写作情境，代入感强。2）主体用问句和 If you are teaching children in a small village, I will be proud of you 这样的条件句，把对未来的期待写得温柔而具体。3）结尾 I will study hard and keep my dreams alive 回到当下的行动，When you look back one day, I hope you will smile 一句让“未来的我”与“现在的我”对话，情感真挚。

亮点句： *If life gets hard, please don't forget the boy who was never afraid to try.* （译文：如果生活变得艰难，请不要忘记那个从不怕尝试的男孩。）

My Life in the Future （约 103 词）

Life in the future will be very different from today. I often think about my own future.

When I grow up, I will live in Chengdu with my family. I will be a doctor, and I will help sick children. There will be a robot in my home. It will clean the floor and wash the dishes, so I will have more time to read. On weekends, I will drive a car that can fly to visit my grandparents in the countryside.

I know that a good future does not come for free. If I study hard now, my dream will come true.

参考译文

未来的生活会和今天大不一样。我常常想到自己的未来。长大后，我会和家人一起住在成都。我会成为一名医生，去帮助生病的孩子。我的家里会有一个机器人。它会擦地板、洗碗，这样我就有更多时间读书。周末，我会开一辆能飞的车，去乡下看望祖父母。我知道，美好的未来不会自己到来。如果我现在努力学习，我的梦想就会实现。

范文七 我家未来的机器人

A Robot in My Future Home （约 95 词）

In twenty years, every family may have a robot. I hope my family will have one too.

I will call my robot Xiaobao. It will get up earlier than I do and make breakfast. It will clean the room before I come home from school. It will also help my grandma walk in the park. If I am sad, it will tell me a funny story and make me laugh.

A robot is a machine, but it can be a good helper. With its help, my family will have more time to enjoy life together.

参考译文

二十年后，也许每个家庭都会有一个机器人。我希望我家也能有一个。我要给我的机器人取名小宝。它会比我起得早，做好早餐。它会在我放学回家前把房间打扫干净。它还会扶奶奶在公园里散步。如果我难过，它会给我讲一个有趣的故事，逗我笑。机器人是机器，却可以成为好帮手。有了它的帮助，我的家人会有更多时间一起享受生活。

范文八 未来的学校

Schools in the Future （约 92 词）

What will schools be like in the future? I think they will change a lot.

Students will not carry paper textbooks any more. They will use a small computer to read and write. In class, they will watch videos and talk to students in other countries. If they have a question, they can ask the AI teacher at any time. The playground will be bigger, and there will be a garden on the roof.

But I hope one thing will never change. Teachers will still care about us and help us grow.

参考译文

未来的学校会是什么样呢？我想会有很大的变化。学生们不用再背纸质课本了。他们会用一台小电脑读书、写字。课堂上，他们会看视频，还会和其他国家的学生交流。如果有问题，他们随时可以问 AI 老师。操场会更大，屋顶上还会有一个花园。但我希望有一件事永远不会改变。老师依然会关心我们，帮助我们成长。

范文九 我的未来

My Future （约 87 词）

Everyone has a dream. My dream is to be an engineer.

I have loved cars since I was a child. In the future, I will design cars that use no oil and make no noise. They will run on sunlight and water. If these cars run on the road one day, the air in our city will be much cleaner. To make it happen, I will study maths and science harder.

I am sure my dream will come true one day, because I will never give up.

参考译文

每个人都有一个梦想。我的梦想是成为一名工程师。我从小就喜欢汽车。未来，我要设计不用汽油、没有噪音的汽车。它们靠阳光和水就能行驶。如果这些汽车有一天跑在路上，我们城市的空气会干净得多。为了实现它，我会更加努力地学习数学和科学。我相信，总有一天我的梦想会实现，因为我永远不会放弃。

范文十 科技与我们的生活

Technology and Our Life （约 87 词）

Technology is all around us. It makes our life easier and faster.

With a phone, we can talk to a friend far away and buy things without going out. With a computer, we can study at home when we are ill. In the future, we will see even more new things. If we learn to use them well, they will help us a lot.

However, we should not let technology control us. We still need to walk outside, talk face to face and enjoy the real world.

参考译文

科技就在我们身边。它让我们的生活更方便、更快捷。有了手机，我们可以和远方的朋友聊天，不用出门就能买东西。有了电脑，我们生病在家也能学习。未来，我们还会看到更多新事物。如果我们学会好好使用它们，它们会给我们很大帮助。不过，我们不应该让科技控制我们。我们仍然需要到户外走走，面对面地交谈，享受真实的世界。

一、满分范文

范文一　一次误会，让我们走得更近

A Misunderstanding That Brought Us Closer　（约 134 词）

Last month, a small thing almost ended my friendship with Zhang Yue, my deskmate. I borrowed her English notes and promised to return them on Friday.

But on Friday morning I took the wrong schoolbag and left the notes at home. At lunch Zhang Yue asked for them. When I said I had forgotten, her face turned red. She said I was always so careless and then walked away. I felt hurt, but I knew arguing would only make things worse. Silence would not help either. After school I found her on the playground and explained everything. On Monday I brought her the notes.

She laughed and said she had been too quick to get angry. Now we often remind each other to talk things over. A misunderstanding is not scary; keeping silent is.

亮点解析

1）开头用 a small thing almost ended my friendship 制造悬念，再一句交代借笔记的起因，叙事干净利落。2）主体按时间顺序推进：拿错书包—午饭被追问—好友生气—放学解释—周一还笔记，At lunch、After school、On Monday 等时间状语让情节清楚；I knew arguing would only make things worse 与 Silence would not help either 两句通过心理活动写出“不能沉默”的转变，为下文主动解释作铺垫。3）结尾用分号连接的对比句收束，把“误会不可怕，沉默才可怕”的道理说得简短有力，主题自然升华。

亮点句：*A misunderstanding is not scary; keeping silent is.*　（译文：误会并不可怕，可怕的是保持沉默。）

范文二　给王磊的一封信：勇敢开口

A Letter to Wang Lei: Speak Up　（约 121 词）

Dear Wang Lei, I heard that you still feel lonely in your new class. Don't worry. Many students feel the same in the first month.

Here are some ideas. First, smile and say hello to the classmates next to you. A smile costs nothing, but it can open a closed heart. Second, join a club you like, such as the basketball club. When you play together, talking becomes easy. Third, ask them a quick question about Chengdu or their hobbies. Most people love to answer questions about themselves. If you feel too nervous, you could write a short note first.

Take the first step, and the rest will be easier. I'm sure you will have good friends soon. Yours, Li Hua

亮点解析

1）书信开头用 I heard that you still feel lonely 直接回应朋友的处境，再用 Don't worry 安慰，语气亲切自然。2）主体用 First、Second、Third 三条建议层层展开，每条建议后面都跟一句理由：A smile costs nothing, but it can open a closed heart 说明微笑的作用，When you play together, talking becomes easy 说明一起活动的好处；If you feel too nervous, you could... 用 could 把建议说得委婉，照顾到朋友的感受。3）结尾用“祈使句 + and”的 Take the first step, and... 鼓励对方行动，并以 I'm sure... 表达信心，收尾干净有力。

亮点句： *Take the first step, and the rest will be easier.* （译文：迈出第一步，剩下的就会容易得多。）

范文三 无声的语言

The Language Without Words （约 119 词）

Words are not the only way to communicate. Body language, such as a smile, eye contact and a nod, can say a lot.

Last summer I worked as a volunteer at the Panda Base. One afternoon, a foreign visitor came up to me and spoke very fast. I could only catch a few words, so I smiled, pointed to the map and nodded. He understood at once and thanked me with a thumbs-up. Later I learned that a smile and clear gestures can work when English fails.

In class, body language matters too. Looking at the speaker shows respect, and a nod tells the speaker that you are following. So stand up straight, keep eye contact and smile more.

亮点解析

1）开头用 Words are not the only way to communicate 提出观点，再用 such as 列举微笑、眼神、点头三种肢体语言，观点明确。2）主体以在熊猫基地做志愿者的经历为例：I could only catch a few words 交代语言障碍，so I smiled, pointed to the map and nodded 用三个连续动作说明肢体语言怎样“救场”；a smile and clear gestures can work when English fails 一句点明例子与观点的关系。3）结尾把话题拉回课堂，Looking at the speaker shows respect 说明眼神的作用，最后用 So 引出 stand up straight、keep eye contact、smile more 三个祈使动作，号召读者马上行动。

亮点句： *Later I learned that a smile and clear gestures can work when English fails.* （译文：后来我明白了，当英语不管用的时候，一个微笑和清楚的手势也能起作用。）

范文四 当东方遇见西方

When East Meets West （约 138 词）

Last term, our school welcomed an English teacher, Mr. Green. In his class, I learned that communication between cultures can be full of surprises.

Once, Mr. Green praised my English, but I shook my head and said it was still very poor. He looked puzzled and told me I had just talked with him for ten minutes. In his culture, people accept a compliment and say thank you, while we often refuse it to show modesty. Greetings are different too. He sometimes gives a friendly hug, but we usually shake hands or just nod. At first I stepped back, which made him laugh.

These differences are not problems if we keep an open mind. Watch first, ask when you are not sure, and never laugh at what seems strange. When East meets West, respect is the best translator.

亮点解析

1）开头交代外教的到来，并用 communication between cultures can be full of surprises 点出跨文化沟通的主题，为下文举例作铺垫。2）主体用两组对比展开：外教夸我英语好，我却摇头说还很差——在他看来，接受赞美并说 thank you 才自然，我们却常推辞以示谦虚；打招呼时他给一个拥抱，我们只握手或点头。while we often refuse it to show modesty 用 while 连接对比，At first I stepped back, which made him laugh 用非限制性定语从句补充结果，画面感强。3）结尾用 These differences are not problems if we keep an open mind 表明态度，Watch first, ask when you are not sure 等祈使句给出做法，最后把尊重比作最好的翻译，点题巧妙。

亮点句： *At first I stepped back, which made him laugh.* （译文：起初我后退了一步，这让他笑了起来。）

范文五 放下手机，好好说话

Put Down Your Phone and Talk （约 121 词）

Good morning, everyone! Today I want to talk about the ways we communicate.

We live in a world of messages. We send emojis, voice messages and short videos every day. They are quick and fun, and they keep friends close when we cannot meet. But there is a problem. Sometimes we send a hundred messages and still say nothing important. A heart-to-heart talk needs eyes, voices and even silence, and a screen can give us none of them.

So put down your phone when someone is talking to you. Look at the speaker, listen carefully and say what you really feel. Words on a screen can be deleted, but a warm talk stays in the heart. Let's communicate, not just connect.

亮点解析

1）演讲稿开头用 Good morning, everyone! 打招呼，再用 Today I want to talk about... 点明话题，符合演讲的文体要求。2）主体先肯定表情符号、语音消息带来的便利，再用 But there is a problem 转折，指出“发了一百条消息却什么也没说”的问题；A heart-to-heart talk needs eyes, voices and even silence 用三个名词并列，把面对面交流的不可替代说得很形象。3）结尾用 So 引出祈使句提出行动建议，put down、look、listen、say 几个动作一气呵成；最后用 Let's communicate, not just connect 收束，not just 的对比让主题更有力量。

亮点句： *Words on a screen can be deleted, but a warm talk stays in the heart.* （译文：屏幕上的文字可以被删除，但一次温暖的交谈会留在心里。）

二、高分好背好文（适合基础薄弱同学）

范文六 沟通的重要性

Why Communication Matters （约 85 词）

Some people think silence is safe, but I have learned that silence can hurt.

Last term, my best friend and I stopped talking for a week because of a small thing. Neither of us explained, so we both felt hurt. Then I sent her a message and asked if we could talk. Ten minutes later, we were laughing again.

Communication is like opening a window. Fresh air comes in, and the room feels alive again. Say what you think, and listen to what others say.

参考译文

有些人认为沉默才安全，但我已经明白，沉默也会伤人。上学期，我和我最好的朋友因为一件小事一个星期没说话。我们谁也没有解释，所以两个人都觉得受了伤。后来我给她发了一条消息，问我们能不能谈谈。十分钟后，我们又笑在了一起。沟通就像打开一扇窗。新鲜空气吹进来，房间又有了生气。说出你的想法，也听听别人怎么说。

范文七 一句玩笑引起的误会

A Joke That Caused a Misunderstanding （约 83 词）

On Monday, I made a joke about how slowly my deskmate ran. I thought it was funny.

He said nothing and did not talk to me all day. I felt puzzled and a little worried. After school, I asked him why. He said my words made him feel small in front of others.

I said sorry at once. He smiled, and we played basketball together. Now I think twice before I make a joke. A joke is only funny when both people laugh.

参考译文

星期一，我拿同桌跑得慢开了个玩笑。我以为这很好笑。他什么也没说，一整天都没有理我。我有点纳闷，还有点担心。放学后，我问他原因。他说我的话让他在别人面前觉得自己很渺小。我马上道了歉。他笑了，我们又一起打篮球。现在开玩笑前我会三思。只有当两个人都笑的时候，玩笑才是好笑的。

范文八 微笑的力量

The Power of a Smile （约 82 词）

A smile is the shortest distance between two people. It needs no words, but it says a lot.

On my first day in Grade 8, I knew nobody. I sat alone in the corner and felt nervous. Then a girl came over, smiled and said her name was Chen Jie. She asked me to sit with her. Her smile made my day.

Now I smile at new classmates too. It takes no effort, but it can make a lonely person feel at home.

参考译文

微笑是两个人之间最短的距离。它不需要语言，却能表达很多。八年级开学第一天，我一个人也不认识。我独自坐在角落里，心里很紧张。这时一个女孩走过来，微笑着说她叫陈洁。她请我和她坐在一起。她的微笑让我一整天都很开心。现在我也对新同学微笑。这并不费力，却能让一个孤独的人感到像在家里一样自在。

范文九 我的沟通方式

How I Communicate （约 81 词）

I talk with different people in different ways.

With my friends, I like to talk face to face. We meet in the park and share everything. With my teachers, I often write a short note, because I am a little shy. With my grandparents, I talk on the phone. They cannot read my messages, but they love to hear my voice.

The best way to communicate is the way that suits the person. Choose it carefully, and talking will be easier.

参考译文

我和不同的人用不同的方式交流。和朋友在一起，我喜欢面对面地聊天。我们在公园见面，分享一切。和老师交流，我常常写一张小纸条，因为我有点害羞。和祖父母交流，我就打电话。他们看不了我的消息，但他们喜欢听我的声音。最好的沟通方式就是适合那个人的方式。用心选择，交谈就会更轻松。

范文十 如何与父母沟通

How to Communicate with My Parents （约 86 词）

Many students say their parents do not understand them. I had the same problem.

Last year, I wanted to join the school football team, but my parents said no. I was angry and did not say a word for two days. Then I sat down with them at dinner and told them why I loved football. They listened and agreed.

Choose a quiet time, tell them how you feel instead of complaining, and listen to your parents too. Then talking becomes easy, and home feels warmer.

参考译文

很多学生说父母不理解他们。我也遇到过同样的问题。去年，我想加入学校足球队，但父母不同意。我很生气，两天一句话也没说。后来吃晚饭时，我坐下来和他们聊，告诉他们我为什么喜欢足球。他们听了，也同意了。选一个安静的时间，告诉父母你的感受而不是抱怨，也听听他们的想法。这样，谈话就会变容易，家也会更温暖。
