Many of my classmates ask me why English is my favourite subject. My answer is simple: it is fun, useful and full of surprises.

First, English lessons are fun. We sing songs, play games and act out stories, so the class always goes by quickly. Second, English helps me make friends. On Friday evenings, I talk online with a boy from Australia, and we chat about our favourite sports in English. Third, English opens a door to the world. and festivals.

English is not easy, but I enjoy learning it. Every new word brings me a little joy. I will keep working hard.

Today is Thursday, and we have a special English class. Ms Li walks into the classroom with a big yellow box in her hands. We all sit up and look at the box.

Inside the box, there are forty word cards. Ms Li divides us into four groups and gives each group ten cards. Some of the words on our cards are 'dragon', 'schoolbag' and 'rain'. We talk together and write a funny story about a dragon with a schoolbag. After ten minutes, every group acts out its story in front of the class. Our story is the funniest, and the whole class laughs and claps.

First, I listen carefully in class and take notes. I write down new words and useful sentences in my notebook. Second, I read English aloud for fifteen minutes every morning. Reading aloud makes my pronunciation better and helps me remember the words. Third, I speak English with my friends. We play a small game: one student asks a question in English, and the next student

answers it. We laugh a lot, and we learn a lot too.

These habits are not difficult. If I keep doing them, my English will get better and better. Learning a language is like growing a tree: it needs time and care.

A Letter of Advice to My Classmate （约 137 词）

Dear Peter, I hear that you find English difficult and want to give it up. Please don't give up. English is not as hard as you think, and I would like to share some ideas with you.

First, start with small goals. For example, you can learn five new words a day. Second, listen and read more. English songs and short stories are good choices, because they are easy and fun. Third, don't be afraid of making mistakes. Everyone makes mistakes, and mistakes help us learn. If you meet a new word, try to guess its meaning first, and then look it up in a dictionary.

Learning English takes time, so please be patient with yourself. I am sure you will do better soon. If you need help, just come to me after class. Yours, Li Hua

The Reading Club I Joined （约 112 词）

I am in the reading club at our school, and it is my favourite club. We meet in the library every Tuesday and Friday afternoon.

There are twenty members in our club, and Miss Wang is our teacher. In the club, I can read many interesting books and share my ideas with others. I like telling stories to my club friends because they always listen carefully and share good ideas with me. Sometimes we act out a story together, and the whole room is full of laughter.

The reading club makes my school life rich and happy. Books open a big world for me, and my club friends make that world warm.

亮点解析

1）开头用 I am in the reading club at our school 直接点题，and it is my favourite club 表明态度，第二句交代活动的地点和时间，干脆利落。2）主体先用 There are twenty members 介绍规模，再用 can read...and share 与 like telling stories 两个本单元重点结构写出“能做什么、喜欢做什么”，because 从句补充理由，Sometimes 一句让活动有画面。3）结尾用 makes my school life rich and happy 总结收获，再把“书”和“社团朋友”并列，把温暖落到人身上，收束自然。

范文二 一次特别的社团活动

A Special Science Club Activity （约 134 词）

It is Friday afternoon. The last class is over, and members of the science club run to the science room.

Today our task is to build a paper bridge. Miss Li gives each group ten pieces of paper and some tape. We have only twenty minutes. At first, our bridge is very soft, and it falls down twice. Then Li Ming has a good idea: he rolls the paper into thin tubes, and the tubes become strong. We all work together and finish the bridge just in time. When Miss Li puts six books on it, the bridge still stands, and we jump with joy.

In the science club, I can try new ideas and learn from my mistakes. A small paper bridge teaches me that teamwork can hold up a lot of weight.

亮点解析

1）开头用 It is Friday afternoon 交代时间，members of the science club run to the science room 一句动作感强，直接把读者带进活动现场。2）主体按“领材料—折纸桥—失败两次—想出办法—放书成功”的顺序推进，At first、Then、just in time 让过程清楚；very soft、falls down twice 写出困难，rolls the paper into thin tubes 写出办法，情节有起伏。3）结尾用 can try new ideas and learn from my mistakes 点明社团的意义，最后以 teamwork can hold up a lot of weight 收束——纸桥能承重，团队能担当，一语双关，升华自然。

范文三 给想创办社团的同学的建议

Advice on Starting a New Club （约 137 词）

Dear Li Ming, I am glad to hear that you want to start a new club in our school. Here are some ideas for you.

First, you should find a teacher to help you. A teacher can help you get a room and give you some useful advice. Second, ask your friends what they like doing, and choose a topic that many students are interested in. For example, a reading club needs only books and a quiet room. Third, make a colourful poster and put it up on the school notice board. Write the time and the place on it clearly.

Starting a club is not easy, but it is fun. A club is like a small family, and everyone can find a place in it. If you need help, I am always here. Yours, Li Hua

亮点解析

1）书信开头用 I am glad to hear that... 说明写信缘由，Here are some ideas for you 自然引出建议，符合建议信的体例。2）主体用 First、Second、Third 三条建议层层推进：找老师、选话题、做海报，每条都给出理由或具体做法；what they like doing 与 that many students are interested in 两个从句让表达更准确。3）结尾用 Starting a club is not easy, but it is fun 先抑后扬，再把社团比作 a small family，最后以 I am always here 表达支持，语气真诚。

How the Club Changed Me （约 122 词）

Two months ago, I joined the drama club. At that time, I was a shy girl, and I was afraid to speak in front of others.

My first task was a short play. I had only six words to say, but my face turned red and my voice was very low. After that, Miss Chen asked me to read aloud for five minutes every day. I read in front of a mirror, and slowly I became brave. Now I can act in a full play, and I even help the new members learn their lines.

The drama club gives me more than a hobby. It teaches me that courage grows a little every day, as long as we do not stop trying.

My mother's birthday is on March 8th, which is also Women's Day. This year, my father and I decided to give her a surprise.

We got up before six and cleaned the whole house. In the afternoon, we cooked noodles and two dishes. I made a card with a picture of the three of us, and I wrote on it: 'Thank you for everything, Mum.' At seven in the evening, my mother came home from work. She stood at the door and could not believe her eyes. She read the card twice and smiled with tears in her eyes.

At dinner, we sang a song for her and shared a small cake. She said it was her happiest birthday. I learned that parents also need our love. A small surprise can make a big difference.

亮点解析

1）开头点明妈妈的生日，并补一句 which is also Women's Day，交代特殊背景；decided to give her a surprise 设置悬念。2）主体按“早起打扫—下午做饭—做贺卡—妈妈回家”的顺序叙述，cleaned、cooked、made、wrote 等动词连用，条理清楚；She stood at the door and could not believe her eyes 写妈妈进门时的惊讶，符合“惊喜”的情境。3）结尾先写妈妈的话，再用 A small surprise can make a big difference 议论收束，先叙事后说理，主题明确。

亮点句： *She read the card twice and smiled with tears in her eyes.* （译文：她把卡片读了两遍，眼里含着泪笑了。）

范文四 最好的生日礼物

The Best Birthday Gift （约 137 词）

Last year, I got many birthday gifts, but the best one was a small card from my best friend, Wang Lei.

At that time, our school basketball team had a big game, and I felt very nervous. Wang Lei knew how I felt. On my birthday, he gave me a card and a photo of our team. On the card he

wrote, 'You are better than you think.' I read it again and again. In the game, I did my best, and our team won.

Some of my other gifts were expensive, like a new watch and a pair of shoes. But the card means more to me, because it showed me what true friendship is. I keep it in my desk drawer. A gift is not about its price; it is about the love behind it.

亮点解析

1）开头用 but the best one was... 制造对比，直接引出“最好的礼物”，扣题紧凑。2）主体先写赛前的紧张，再写朋友送卡片和照片、卡片上的话给自己力量，最后用比赛获胜证明这份礼物的价值，叙事有起因、经过和结果。3）结尾把卡片与手表、鞋子作比，用 A gift is not about its price; it is about the love behind it 点明主旨，升华自然。

亮点句： *A gift is not about its price; it is about the love behind it.* （译文：礼物的意义不在于价格，而在于它背后的爱。）

范文五 生日的意义

What a Birthday Really Means （约 127 词）

Many children think a birthday is all about cake, gifts and a big party. I thought so too when I was younger.

Two years ago, I asked my parents for a new bike, and they bought me one. I was happy, but then I found that my mother worked late every day that month. A year later, I did not ask for anything. Instead, I cooked noodles for my parents and said thank you to them.

Now I understand the meaning of a birthday. It is a day to remember all the love our parents give us. It is also a new start. Every birthday, I make a small plan and try to be a better person. That is the best gift I can give my family.

亮点解析

1）开头先写“很多孩子以为生日就是蛋糕和礼物”，再写“我小时候也这样想”，为下文的转变作铺垫。2）主体用两年前和一年后两个生日作对比：先前要自行车，后来发现妈妈每天工作到很晚，于是改为给父母做面条、说谢谢，前后变化让“懂事”真实可信。3）结尾连用短句层层递进，把生日的意义落到“感恩”和“新的开始”上，最后一句 That is the best gift I can give my family 收束有力。

亮点句： *It is a day to remember all the love our parents give us.* （译文：生日是一个让我们记住父母给予我们的所有爱的日子。）

范文七 家里的生日聚会

A Birthday Party at Home （约 97 词）

My twelfth birthday was last Sunday. I had a party at home with three good friends.

My mother made a big cake. My father put up balloons in the living room. We played card games and danced to the music. We also told jokes. At six, we ate cake and ice cream. My friends sang a song for me. They did not sing well, but I loved it.

After the party, we took a photo together. I put it on my desk. When I see it, I always smile. Good friends make a birthday warm and special.

范文八 一份会长大的礼物

A Gift That Grows （约 98 词）

On my last birthday, my sister gave me a small plant. It was not expensive, but I liked it at once.

The plant is green and small. My sister said, 'It will grow with you.' I put it by the window. I water it every morning. I also talk to it, and my parents laugh at me. Now it has three new leaves.

The plant is taller too. When I look at it, I think of my sister's words. A good gift does not need to be big. It can be a small plant that grows with you.

参考译文

上一个生日，姐姐送给我一株小植物。它并不贵，但我一下子就喜欢上了它。这株植物绿绿的，小小的。姐姐说："它会和你一起长大。"我把它放在窗边。我每天早上给它浇水。我还会跟它说话，爸爸妈妈都笑我。现在它有三片新叶子。这株植物也长高了。看着它，我就想起姐姐的话。一份好礼物不必很大，它也可以是一株和你一起成长的小植物。

范文九 难忘的生日

An Unforgettable Birthday （约 104 词）

Last year, my birthday was on a Tuesday. It was a school day, so I thought it would be boring.

In the morning, I went to school as usual. Nobody said 'Happy birthday' to me, and I felt a little sad. But after the last class, my teacher asked me to stay. Then my classmates stood up and sang a song for me. They gave me a big card with many kind words on it.

I was so surprised that I did not know what to say. That day, I learned that love can come from many people. I will never forget that birthday.
